

This astronomical image shows a field of galaxies. The horizontal axis is labeled 'Arc Seconds' and ranges from 30 to -30, with values decreasing from left to right. The vertical axis is also labeled 'Arc Seconds' and ranges from -30 to 30, with values increasing from bottom to top. A red circle with a central crosshair is positioned at approximately (0, 0). In the upper right quadrant, there is a small orange arrow pointing towards the top right, with the letters 'N' and 'E' next to it, indicating North and East respectively. The image contains numerous galaxies of various sizes and colors, including bright blue/white ones and fainter orange/yellow ones.
