

Figure 1 is a false-color image of the field around the radio source J0510-0451. The image shows a complex structure with a bright, compact source at the center, surrounded by a diffuse, elongated emission region. The axes are labeled 'Arc Seconds' and range from -30 to 30. A red crosshair marks the position of the source. A red 'N' and 'E' indicate North and East directions.
