

Time series start (MJD): 52260.2275567

A line plot showing the power spectrum of the signal. The x-axis is labeled 'Frequency (Hz)' and is on a logarithmic scale from 10^{-4} to 0.01 . The y-axis is labeled 'Power' and ranges from 0 to 15. The plot shows a noisy signal with several peaks, the most prominent ones occurring between 10^{-3} and 0.01 Hz, reaching power values up to approximately 8.
