

Figure 1 is a color-coded astronomical image of a galaxy cluster. The image shows a dense field of galaxies. A large, bright, blueish-white galaxy is at the top center. A large, bright, yellowish-white galaxy is at the bottom center. A red circle with a crosshair marks a specific galaxy in the lower right quadrant. A red arrow points to the right, indicating the direction of the cluster's motion. The axes are labeled 'Arc Seconds'.
