

Astronomical image showing the field around NGC 6052. The image displays a dark background with several bright sources. A red circle highlights a source at approximately (0, 0) arcseconds. A cyan circle highlights a source at approximately (-10, -5) arcseconds. A red arrow points to a source at approximately (-25, -15) arcseconds. A cyan arrow points to a source at approximately (-25, 25) arcseconds. The axes are labeled 'Arc Seconds' and range from -30 to 30.
