

This astronomical image shows a field of stars against a dark background. The axes are labeled 'Arc Seconds' and range from -30 to 30. A red circle with a crosshair marks a specific source at approximately (0, 0). In the upper right, red arrows indicate the directions of North (N) and East (E). Several bright stars are visible, including a prominent one at approximately (-25, 2) and another at approximately (-10, -15).
