

A false-color astronomical image showing a dense field of stars and interstellar dust. The image is oriented with North (N) at the top and East (E) to the right, as indicated by the orange arrows in the upper right corner. A red circle with a crosshair marks a specific location near the center of the image. The axes are labeled 'Arc Seconds' and range from -30 to 30. The image displays various stellar populations, including bright yellow stars and cooler, bluish-white stars, set against a dark background of interstellar dust and gas.
